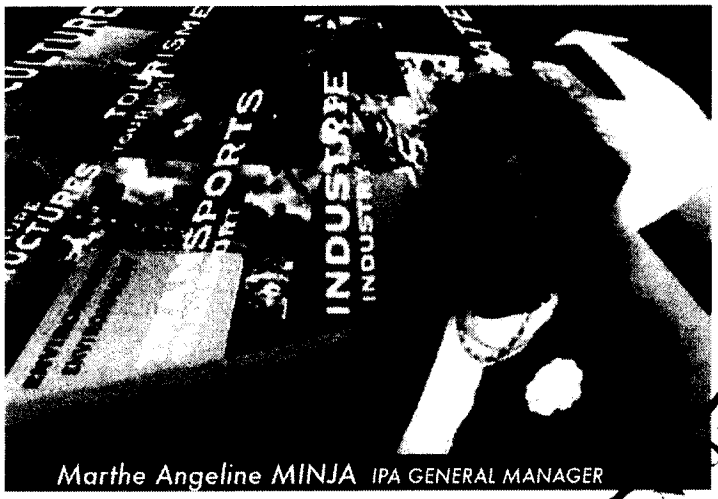
INVESTMENT PROMOTION AGENCY



ACCELERATION OF GROWTH

EMERGENCE THROUGH INVESTMENT

The maiden edition of the Cameroon Investment flagship event dubbed Cameroon Investment Forum (CIF 2015) shall be held from 25th-27th November 2015. Under the distinguished patronage of the President of the Republic of Cameroon. CIF 2015 shall offer an ideal venue for business exchanges and networking between foreign and local economic operators in the economic capital Douala, with a view to establishing new business relationships and strengthening existing ones.

This rendez-vous which shall become the **Investment Promotion Agency's (IPA)** annual flagship event, shall have as its primary objective, investment generation and the attracting of Foreign Direct Investment attraction to Cameroon, thus contributing in its own way to making our country emerging nation by the year 2035.

The event will equally offer the opportunity for both private and public institutions and civil society to present their various investment projects to a wide range of local and foreign investors.

For the IPA which is the main organizer of the event in partnership with the **Ministry of Mines Industry and Technological Development** and the **Ministry of Economy Planning and Regional Development**, the primary objective of CIF 2015 is to promote the image of Cameroon to foreign investors, present the numerous investment opportunities that abound in our country to these investors, encourage the Cameroonian dynamic Diaspora to get more involved in the development of the country through investments and sensitize both the local and foreign investment community on the new law aimed at encouraging private investments in Cameroon, promulgated by the President of Republic of Cameroon on the 18th of April 2013.

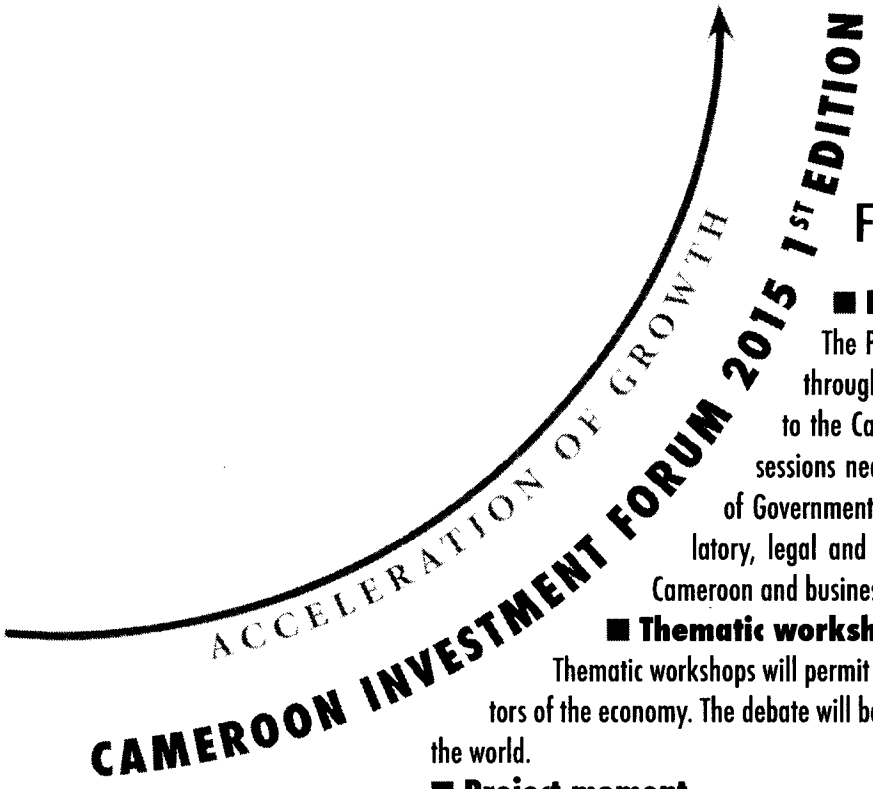
In his traditional speech to the nation on the 31st of December 2014, the President of the Republic PAUL BIYA, strongly remarked that Cameroon needs an ambitious industrial policy if it has to meet its vision of becoming an industrialized nation in 2035. He equally took the opportunity of the moment to strongly congratulate the IPA for the remarkable work they have been doing within the framework of the implementation of the law on private investment incentives, which has led to the signing of numerous conventions between Cameroon Government and investors (local and foreign) paving the way, eventually, to the creation of wealth and employments for the Cameroonians youths.

It is within this backdrop that CIF 2015 has been conceived. This is an investment event that you can not afford to miss.

Please come join us at CIF to live our dream of making Cameroon a middle income country by 2035.

Investment is the name of the game.

You are welcome to CIF 2015



FORUM ACTIVITIES

■ Plenary sessions

The Plenary sessions will set up the framework through general interest transversal topics related to the Cameroonian economy. To that effect, those sessions necessarily pave the way to the intervention of Government Authorities who will emphasize the regulatory, legal and institutional framework of investment in Cameroon and business opportunities.

■ Thematic workshops

Thematic workshops will permit to deeply debate about projects in key sectors of the economy. The debate will be conducted by experts from everywhere in the world.

■ Project moment

This is the moment reserved for projects, funding and multiform partnerships.

■ Funding moment

This is the moment reserved for issues related to the funding of viable projects which will be submitted during the forum.

■ Exhibition

Exhibition in stands constitutes the core of the forum. It allows companies to promote themselves, their products, services, innovations, expertise and technology to more than 25.000 visitors expected on the site.

■ B 2 B meetings

Business to Business meetings will take place in a particular moment which will be operational during the forum. Those sessions are an only opportunity to establish fruitful contact and partnership with high quality economic operators, general managers and cutting-edge executives etc.

■ Networking coffee break & Networking lunch

They are graciously offered by companies who want to present their special offers or new services to local and foreign investors. They are about 150 to 300 economic operators, experts and cutting-edge executives who will be present on the forum site during 03 days.

■ CIF Awards

CIF Awards aim to valorize the efforts of economic operators who create added value and bring innovative solutions.

■ Gala Evening

The gala evening will take place at Castel Hall (Bali) on November 27th 2015. It is an opportunity for additional networking which will allow to reward the best investors of the year 2015 and end the forum in all conviviality.

CAMEROON INVESTMENT FORUM

25/27 NOVEMBER 2015
BONANJO - DOUALA

INVESTMENT PROMOTION AGENCY

CAMEROON INVESTMENT FORUM (CIF-2015)

CONCEPT NOTE

The Investment Promotion Agency of Cameroon (IPA) in cooperation with the Ministry of Economy, Planning and Regional Development, the Ministry of Mines, Industry and Technological Development and the United Nations Industrial Development Organisation (UNDO) will host the maiden edition of the Cameroon Investment Forum for year 2015 in the CDPDM Party House and Castel Hall in Douala.

III. OVERVIEW :

The Growth and Employment Strategy Paper (GESP) adopted by the Cameroon Government in 2010 has as its ceterpiece a development vision by the year 2035 aimed at making "Cameroon an emerging and democratic country united in diversity". The realisation of this vision is anchored on reaching four main objectives namely:

1. Reducing poverty to a socially acceptable level,
2. Becoming a meduim income country,
3. Becoming a Newly industrialised country and
4. Reinforcing national unity and consolidating the democratic process.

"Emerging Cameroon" will be a country embarked on a journey to sustainable economic and social development with a strong, diversified and competitive economy. The economy will be characterised by a dominant industrial sector in general and manufacturing sector in particular, with effective intergration into the global economy. Poverty will be minimal and income per head will be such that the country will be classified as a medium-income country.

In order to become a newly industrialised country, growth must be sustained on a good number of products with proper intergration of the various branches of activity by way of value chains. It will specifically be a question of significantly increasing the share of products from the manufacturing industry in the GDP and exports.

This vision consecrates a pride of place to FDIs as one of the significant components that can contribute to its realisation taking into cognizance its impact on host economies which include amongst other; job creation, the transfer of technology and human resource development.

According to the latest statistic of WIR 2014, Cameroon attracted 0.01% of F.D.I. during this period, 80% of which was concentrated in the oil sector.

It therefore becomes imperative that if Cameroon has to realise objectives stated in 2035 vision especially as to what concerns the attraction of FDI into the country, a more proactive strategy towards attracting FDI has to be engaged.

Equally serious emphasis has been laid on improving the business climate which is a condition sine-qua-non for attracting FDI coupled with the improvement of business infrastructure and the promotion of industrial load and enough energy to potential investors.

Furthermore, a more comprehensive and coordinated marketing and communication strategy has to be adopted to promote and sell the country's economic potentials not only to foreign investors but equally to local investors in search of investment opportunities.

It is within this backdrop that the Investment Promotion Agency in collaboration with the Ministry incharge of the Economy, the Ministry of Mines, Industry and Technological Development and UNIDO are organizing the first ever Investment Promotion Forum in Cameroon under the distinguish partronage of His Excellency, President Paul Biya, President of the Republic of Cameroon.

II. THEME :

The theme of the Forum is **" Emergence in 2035 through Investments"**

III. OVERALL OBJECTIVE :

The overall objective of the Forum shall be:

- To promote the image of Cameroon to local and foreign investors.
- To promote business oportunities in Cameroon in the mining, tourism, infrastructure, ICT, agriculture and agro-industry, social housing, road infrastructure etc etc.
- To sensitize national investors on the new regulatory framework for doing business in Cameroon.
- To create a networking plateform between project proposal and financing institutions in order to facilitate project financing for start-up and existing businesses.
- To sensitize the Cameroon diaspora on business opportunities and option sutable to them for doing business in Cameroon.

IV. PARTICIPANTS :

Expected participants include:

- Local and foreign investors worldwide interested in investing in Cameroon,
- Investment Promotion Agencies, Chambers of Commerces and others that support institutions in favour of the private sector worldwide.
- Bilateral and multi-lateral institutions involved in investment promotion issues (UNIDO, WAIPA, E.U, ETC,
- Private sector companies,
- Government Ministries,
- NGOs,
- Cameroon Diaspora.

V. DATE AND VENUE:

C.I.F 2015 shall take place from the **25th – 27th of November 2015**, in Douala the Economic Capital of Cameroon at the Minicipal Congress Hall & Castle Hall.

VI. EXPECTED OUTCOME:

- Showcase Cameroon's economic potentials to at least 1000 local and foreign investors during the Forum.
- Facilitate the signature of at least 10 to 20 MOUs between local and foreign investors during the Forum.
- Facilitate the financing of at least 20 shovel ready projects by financial institutions taking part in the Forum.
- Create a framework for corperation and interaction between the diaspora and the IPA on investment related issues.
- Market the IPA and other investment promotion stakeholders to both local and foreign investors.
