 - Media and Entertainment - US\$ 14.93 billion

Government of India

Government of India The mandate of the Department of Commerce is regulation, development and promotion of India's international trade and commerce through formulation of appropriate international trade & commercial policy and implementation of the various provisions thereof. The basic role of the Department is to facilitate the creation of an enabling environment and infrastructure for accelerated growth of international trade. The Department formulates, implements and monitors the Foreign Trade Policy (FTP) which provides the basic framework of policy and strategy to be followed for promoting exports and trade. The Trade Policy is periodically reviewed to incorporate changes necessary to take care of emerging economic scenarios both in the domestic and international economy.

Confederation of Indian Industry

CII is a non-government, not-for-profit industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has over 7200 members, from the private as well as public sectors, including SMEs and MNCs and an indirect membership of over 100,000 enterprises from around 242 national and regional industry bodies.

SEPC, an Export Promotion Council set by Ministry of Commerce & Industry, Government of India, is an apex trade body to facilitate service exporters of India and serving as a platform of interaction between service exporters and policy makers. SEPC has been instrumental in promoting the efforts of Indian service exporting community. The Council has Completed 6 years of its existence and got a strong membership base of more than 1800 members from its 14 service sectors which come under the purview of SEPC. SEPC has membership base of more than 1800 professionals and professionally managed corporate spread across various service sectors throughout the country.
